

## SAUER STARTS FUND FOR CO. K

Pioneer El Pasoan Sends Mayor \$10 and Runkle & Peacock Add \$5.

George G. Sauer, pioneer El Pasoan, has inaugurated a movement to finance the boys of company K, who are out of employment, until they can secure positions. When the company returned from San Antonio many of the soldiers found themselves out of work.

In enclosing a check for \$10 Mr. Sauer wrote Mayor Lea Tuesday morning the following letter:

For Foundation of Fund.

"All citizens of El Paso are proud and happy to learn of the return of company K. I understand some of the boys will be out of work and will need financial aid until they can secure employment. I gladly give my share to assist them in need and trust it will be the foundation of a fund for the boys so that none of them will suffer."

A check for \$5 was also mailed the mayor during the morning by the Runkle and Peacock company. Mayor Lea will turn the fund over to George H. Clements, secretary of the chamber of commerce.

**Commerce Chamber to Help.**  
A committee to procure employment for these members of company K, Fourth Texas Infantry, who are in need of it, is to be appointed by W. L. Toole, of the military affairs committee of the chamber of commerce. According to Capt. Walter Jenkins of company K, a number of the members of the company are in need of employment.

**MANY KILLED BY STORM.**  
Montgomery, Ala., March 25.—Five whites and several negroes were killed in a storm at Petrie, Ala., last night. Several houses in Petrie, 18 miles south of Montgomery, were blown down.

**Attention, Nobles!**  
Festivities of the Patrol will be held in the Masonic Temple at 7:45 o'clock tonight. Full attendance urged.  
E. P. Leiner, President.

**UGH! A DOSE OF NASTY CALOMEL**  
It salivates! It makes you sick and you may lose a day's work.

You're bilious, sluggish, constipated and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a 50-cent bottle of Dodson's Liver Tonic and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel, and you're not satisfied, making you sick and want you to go back to the store and get your money.

Take calomel today and tomorrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so it can't eat anything afterwards.—Advertisement.

## CO. K MUST GET DINNER TICKETS

Reservations for Hotel Entertainment Close At 2 O'clock Wednesday.

Reservations for the dinner and dance to be given in honor of company K, Fourth Texas Infantry, in the ballroom of the Hotel Paso del Norte Wednesday night, must be made at the chamber of commerce before 2 o'clock Wednesday afternoon. According to secretary George H. Clements, positively no one will be admitted to the affair who has not made reservations by that time.

The ballroom is to be decorated in patriotic colors. The United States flag and the Texas state flag, presented to the company Sunday night will be on display.

**Reservations To Be Made.**  
Reservations are to be made for members of company K, their intimate friends and members of their families and less than half a dozen outside guests at the dinner. A larger number will be admitted for the dance which will follow the dinner.

It has come to the attention of those in charge of the dinner and dance that there are several members of the Texas national guard from El Paso who are not members of company K. These boys enlisted with the company, but were transferred to other organizations of the Texas militia later. They are to receive invitations to the dinner Wednesday night.

**Maj. Stevenson Coming.**

Maj. Herbert E. Stevenson, brigade adjutant at Camp Scurry, Corpus Christi, who has been in Texas national guard service since the call to colors last May, will probably reach El Paso in time to attend the dinner. He was one of the first officers to leave the brigade camp when the First and Third Texas Infantry were mustered out.

## MEXICAN SENATOR ASKS FOR DATA ON IRRIGATION PROJECT

Irrigation systems patterned after the Elephant Butte project, and planned for various sections of Mexico, by the national congress. This word was received by the chamber of commerce Monday morning from Emilio A. Borquez, senator from Sonora, who requested data in regard to the Elephant Butte project.

In his letter senator Borquez says: "Among the many problems existing in Mexico at present, after six years of civil strife, is the agrarian problem, which, if solved upon the proper basis, will aid in the settlement of internal difficulties. We are planning irrigation upon a large scale to supply water for immense expanses of land, which is unproductive at present for lack of water."

"We shall take this matter up in the next session of the national congress."

## BRIG. GEN. F. J. KERNAN WILL BE NEW GENERAL HERE

Capt. Walter T. Prosser, signal corps officer in charge of the supply depot at El Paso for the past year, left Tuesday to take command of the signal corps company stationed at Fort Leavenworth, Kas.

## GERMAN MONEY PROVES POTENT

Exerts Influence in Mexico City, Report; Villa Forces Near Satevo.

Reports of extensive German operations in Mexico continue to come from across the border line. The latest rumor brought by a traveler from Mexico City is that German influence has obtained the ascendancy there as well as in northern Mexico. This is accounted for both by the alleged lavish use of German money in large quantities and by a reported feeling against the United States now on the verge of war with Germany.

More Germans are reported to have gone over into Juarez and there put on the Mexican soldiers, as if by a pre-arranged plan.

Whether German money has made up the large sum reported to have been received by Gen. Francisco Murguía in Chihuahua and used to pay off his troops is unknown. It is reported that the funds received were sufficient to pay off the soldiers in full, and that they are now loyal.

**No Attack on Chihuahua City.**  
Reports that Villa had attacked Chihuahua Tuesday were denied by consul Soriano Bravo. A passenger train left Juarez for Chihuahua city, carrying only a few government troops, which would be unlikely if Villa had already attacked.

**Villa Leaving Parral?**  
Villa has moved 100 of his wounded rebels from Parral to Pilar de Conchos, where he has established a field hospital. A Mexican refugee from Pilar de Conchos, who has been in Texas national guard service since the call to colors last May, will probably reach El Paso in time to attend the dinner.

He was one of the first officers to leave the brigade camp when the First and Third Texas Infantry were mustered out.

**EAGLES WILL FEAST MEN WHO MARCHED IN MEXICO**

Members of the Eagles Lodge who served with the punitive expedition in Mexico will Wednesday evening be the guests of El Paso Aerie No. 75, at the lodge rooms on South El Paso street.

An elaborate banquet will be served and a cabinet smoker will be one of the features. Nearly 100 Eagles served with the punitive expedition.

## MEXICO MAKES OWN UNIFORMS

Big Factory Also Makes Soldiers' Shoes; Opened by Gen. Carranza.

Announcement that a manufacturing plant for the purpose of supplying uniforms and shoes for the army of the Carranza government was opened Saturday in Tacubaya, Mexico, was made by Eduardo Soriano Bravo, Mexican consul in El Paso today.

Forty hundred machines at a cost of \$160,000 have been installed, according to consul Soriano Bravo, and the entire plant is a modern factory which will turn out uniforms and shoes at the rate of 1500 of each a day.

Consul Soriano Bravo declared that the factory was opened by the first chief Carranza himself.

"This army supply establishment will be a great factor in putting the army of the Mexican government on a firm military basis," declared the Mexican representative here.

**LONG LINES OF MEN FORM AT NATIONAL GUARD STATIONS**

Chicago, Ill., March 27.—Navy recruiting stations were the scenes today of activities unprecedented since the Spanish-American war. Lines of men waiting to be examined for the war spirit have already swelled enlistments both in the regular army and national guard.

Long lines of applicants at the national guard stations, however, were pointed to by officers as telling the story.

## JURY CLEARS MANUEL BACA ON CHARGE OF HOMICIDE

After being out nearly an hour the jury in the case of the state against Manuel Baca, tried in the county court on a charge of negligent homicide, returned a verdict of not guilty late Monday afternoon.

Baca was tried on a charge of negligent homicide in connection with the death of Loretta Rodriguez. It was alleged that the defendant was driving a car in which the deceased, her father and sister were riding on September 31, 1915, while rounding the turn near the "old bridge" on the valley road the car turned over, plunging Miss Rodriguez under it. She died later from injuries.

## SAY DEMOCRATS CONTROL HOUSE

Enough Independents Will Vote With Democrats to Elect Speaker, Claim.

Washington, D. C., March 27.—Democratic claims that they would elect speaker Clark and organize the house when congress meets in special session next Monday were corroborated today by representative Randall, of California, prohibitionist, and one of the five so-called independents whose support may decide the numerical tie between Republicans and Democrats.

He said he was in position to show that enough independents would vote with the Democrats to assure that party's control in the house. If each party's representatives voted together, four independent votes would be required to elect a speaker.

Republican leader Mann today set about task of persuading his Republican colleagues to agree to his withdrawal as a candidate for speaker on condition that both parties organize the house on a nonpartisan or bipartisan basis. He found a number hostile to the suggestion, including representative Lanroot, of Wisconsin, leader of the Progressive-Republicans and frequently mentioned as a candidate for Republican speaker.

Representative Madden, chairman of a Republican committee created in the last congress to consider and recommend party policies in the new house, telegraphed today that he will not leave Washington before Saturday. Progressive Republicans want an earlier conference and a movement was started for a meeting before Saturday, notwithstanding chairman Madden's absence.

It will consider a proposal for a provisional house organization for consideration of war measures and appropriation bills and the question of pushing a fight for Republican control afterwards.

## El Paso Greeks Loyal To U. S.; Seek Man Who Insulted American Flag

Greeks of El Paso declare they are loyal to America and proud to own the American flag as their flag. They want to find the man of their race who insulted the flag Monday night and shot private D. S. Axton, 29 years old, troop A, Fifth U. S. cavalry, when he defended it against insult. But the Greeks say they do not believe that any Greek of El Paso would do such an act.

Such was the statement of a Greek to Lieut. J. L. Parkinson, assistant provost marshal, Tuesday.

The trouble came when private Axton heard a man whom he thought was a Greek, cursing the flag as he stood on the corner of Ninth and Chihuahua streets. The young soldier jumped at the man who insulted the stars and stripes and struck him in the face. The foreigner responded by pulling a gun and shooting two shots at Axton. He then fled. One of the shots wounded Axton in the foot.

## "A WORD TO THE WISE IS SUFFICIENT"

We firmly believe that we are selling Flour, Beans, Rice, Lard, Lard Substitutes, Canned Fruits, Canned Vegetables and many other items at prices that we cannot maintain very much longer. This belief is based on reports from all parts of the country stating that actual shortage exists in many items of food. This condition will continue until we have another harvest. War or Peace does not alter food shortages where the shortage is caused by curtailed crops over which man has no control.
